

2025 Ohio Beef Expo Breed Exhibitor Rules

1. All cattle coming to the Ohio Beef Expo must be halter broke.
2. No pumping of Ohio Beef Expo sale, show, or display cattle permitted per the Ohio Administrative Code 901-19 Ohio Livestock Exhibitions rule 901-19-13. Cattle that have been pumped will not be permitted to participate in Ohio Beef Expo activities, including sales and shows. **Ohio Beef Expo sale, show, or display cattle are required to follow Ohio's Livestock Show Reform Law, Chapter 901 of the Ohio Revised Code, and all mandatory rules under Ohio Livestock Exhibitions, as set forth in Sections 901-19-01 through 901-19-21 of the Ohio Administrative Code.** The Ohio Beef Expo has zero tolerance for the use of any unapproved drug at any point in an animal's life. 'Exhibition Drug Residue Legal' means an animal, including breeding cattle, has not been administered a drug that is U.S. Food & Drug Administration (FDA) approved for use in cattle; or if administered an approved drug, the withdrawal period has elapsed at the time the cattle arrive on the Expo grounds. The use of any material, gas, solid, or liquid, that conceals, transforms, or enhances the true confirmation or configuration of an animal, including rope, false hair, graphite, and hemp is prohibited. Penalties for violation of these mandatory rules will follow the penalties outlined in the Ohio Cattlemen's Association BEST exhibitor rules for 2024-2025.
Any Ohio Beef Expo sale, show, or display cattle exhibitor who has been found by the Ohio Department of Agriculture to be in violation of mandatory Ohio Livestock Exhibition Rules 901-19-01 through 901-19-21 of the Ohio Administrative Code and has been barred by another entity, may be barred from participation in the Ohio Beef Expo.
3. No cattle are permitted on the Ohio Expo Center grounds before 7 a.m., Wednesday, March 12. Exhibitors are permitted to bring tack and other equipment on the grounds for set-up beginning on Tuesday, March 11.
4. All Ohio Beef Expo show, sale, and display cattle must be in place at the Ohio Expo Center by no later than 12 noon Thursday, March 13. **Cattle selling on Friday, March 14 must arrive at the Ohio Expo Center on Wednesday, March 12.** Sale cattle may depart as they sell on Friday, March 14 or Saturday, March 15. All cattle will be stalled in the O'Neill building and all exhibitor equipment must be removed by no later than 6:00 p.m. on Saturday, March 15.
5. All Ohio Beef Expo show, sale, and display cattle trailers must be parked north of 17th Avenue in the trailer parking lot during the Expo. The only exception to this parking requirement is buyer trailers will be permitted to enter the Expo grounds at the 11th Avenue Ohio Expo Center entrance on Friday and Saturday, March 14 and 15 only and park in the area east of the O'Neill building during the Expo breed sales for easier loading.
6. Cattle will be stalled by breeds in the O'Neill building by Ohio Beef Expo staff and breed representatives. Mulch will be in place upon arrival.

7. Limited tie-outs under the viaduct will be available. Tie-out space will be designated by breed and will be coordinated by Ohio Beef Expo staff and breed representatives. All junior show cattle will tie-out in the northern section of the viaduct. Show and sale cattle exhibitors whose immediate family also have junior cattle may have them stalled together in tie-outs under the viaduct, providing they inform their breed representatives of the number of junior cattle one week prior to arrival at the Expo. No early reserving of viaduct space will be permitted. Any signs posted will be removed and any pens chained shut will be cut. When at tie out, all cattle must be tied. **There will be a 12-head minimum required in each viaduct bay.** All tents must be set-up on the west side of the viaduct and not under the viaduct. Mulch for bedding under the viaduct is not provided but is available for an additional purchase upon arrival at Expo. Straw is permitted but will not be provided.
8. All Ohio Beef Expo show, sale, and display participants (both in-state and out-of-state) must be current members of the Ohio Cattlemen's Association to participate in the Expo. OCA family memberships are \$75 payable before March 13, 2025. If unpaid by March 15, OCA memberships will increase to \$125. Sale managers will deduct \$125 for OCA membership from the check of every unpaid sale consignor. For show and display participants, the breed will be invoiced \$125 for every non-OCA member.
9. Ohio Beef Expo fees for show, sale, and display cattle are invoiced directly to the breed and/or sale manager. They include fees for breed participation based on the number of head, veterinary per head charges of \$3 for sale cattle and \$1.50 for show and display cattle, **\$30 per head stalling for Ohio Expo Center facility rental based on the number of head that arrive at Expo, \$30 per head for mulch bedding in the O'Neill building** based on the breed reservation numbers submitted at the February 12 Expo planning meetings. Participants are encouraged to inform breed representatives of larger animals that will require more than one stall and additional mulch. Contact your Expo breed representative or the Ohio Beef Expo staff for a copy of the Ohio Beef Expo breeds fees.
10. All Ohio Beef Expo show, sale, and display participants must be in good financial standing with the Ohio Cattlemen's Association to participate in the Expo. This means all Ohio Cattleman magazine advertisers with past due accounts must pay all outstanding invoices before they can participate in the Expo.
11. **All Ohio Beef Expo sale cattle (in-state and out-of-state) and any show and display cattle originating outside Ohio must have health papers.** Contact your sale manager, Ohio Beef Expo breed rep, or visit the Ohio Beef Expo website www.ohiobeefexpo.com for the latest Expo health requirements.
12. **All cattle in breed sales, show cattle, display breeds and Genetic Pathway cattle, including cattle originating in Ohio, must be tested negative for Bovine Viral Diarrhea (BVD) persistently infected (PI) status prior to arrival at the 2025 Ohio Beef Expo.** Any animals (required to be tested) arriving at the Expo without a negative BVD PI test, will be ineligible to participate in the 2025 Ohio Beef Expo and will be excused from the show

grounds, will be ineligible to sell, and will be required to stay in livestock trailers north of 17th Avenue during the event. Documentation of testing with negative results must be listed on the required health certificate and/or laboratory report of negative status provided. Sale managers/breed representatives (for all breed sale, show and display cattle housed in the O'Neill building) will follow-up with consignor/exhibitors the week prior to Expo to insure that BVD tests have been done before arrival at the Expo. Ohio Beef Expo junior show cattle are also required to have a negative BVD PI test. (See 2025 Ohio Beef Expo health requirements for more details.)

13. **All Ohio Beef Expo sale cattle (in-state and out-of-state)** will be required to have 840 RFID tags in their ears prior to arrival at the Ohio Beef Expo and have the 15 digit tag number recorded on their health paper.
14. **All Ohio Beef Expo show cattle and display cattle** are strongly encouraged to have 840 RFID tags in their ears prior to arrival at the Ohio Beef Expo. **All out of state Expo cattle participating in breed shows or displaying must have 840 RFID tags in their ears prior to arrival at the Ohio Beef Expo** and have the 15 digit tag number recorded on their health paper.
15. The OBE breeds committee will work to keep each breed sale day and time as consistent as possible from year to year. Considerations the committee will use to determine sale order will include OBE sale gross, involvement/cooperation with the breeds committee for OBE set-up, check-in, etc., and length of time involved with OBE.
16. Ohio juniors purchasing heifers in an Expo sale are permitted to enter them immediately after the sale for the junior show on Sunday, March 16, providing the bill of sale is in the junior's name and verification of pedigree and age. All heifers purchased in an Expo sale must show in the breed division where they sold. Contact Ohio Beef Expo staff for information on entering the junior show. Entries must be made on Saturday, March 15 as soon as possible following the sale.

Attention

The electric and lighting in the O'Neill building where you will be stalled has been updated, but in the past exhibitors have been advised to bring generators to run blowers. You may also want to bring spotlights, etc. for your cattle displays.
